General Guidelines

- Please read the following instruction carefully and use the product accordingly.
- Please keep this manual and hand it over when you transfer the product.
- This summary may not include every detail of all variations and considered steps. Please contact us when further information and help are needed.

Notes

- The scratching post is only intended for cats to play, climb and sharpen their claws. The seller does not assume any responsibility or liability with respect to any damage caused by incorrect assembly or improper use.
- The product is intended for indoor use only, not for commercial use or outdoor use.
- During the installation, please follow the correct steps and take necessary security measures, such as wearing a pair of gloves, so as not to hurt your hands. Check and tighten all screws 2 or 3 days after installation.
- Check the firmness of all the screws at least once a month.
- Do not put any other objects on the cat tree.
- After assembly, place the product at a well-ventilated area for 3-5 days to eliminate the smell.
- Make sure the product is placed on even floor to prevent toppling hazard. It is recommended to place it against wall corner and use the included anti-toppling fittings to secure it to the wall.
- Use a hair remover for daily care. Do not clean with water or other liquid detergents. Always keep the cat tree dry.
- Keep away from heat sources, humidity, and corrosive chemicals, and avoid direct sunlight. If not, it may cause the damage and shorten the lifespan of the product.

Warnings

- This product is not a toy. Do not stand or climb to avoid the risk of injuries. Keep away from children. Be aware of danger!
- If your cat starts to chew or eat the furry balls or elastic band, please remove the toys and keep them out of the reach of your cat.
- Persons with allergies should avoid assembling the product.
- Keep children away during assembly as small parts may be fatal if swallowed or inhaled. Keep all packaging materials (film, plastic bag, foam, etc.) out of the reach of children and babies to avoid choking, suffocation and other potential risks.
